Travelling to/in Bucharest

International Airport Henry Coanda Otopeni is in the North of Bucharest, 10 km away.

There is train station within the airport, to and from the North Railway Station. Train schedule is once every 40 minutes. The fee is 1 EUR/person.

There is also the express line bus 783 linking the airport with the center of Bucharest, the fee is also around 1 EUR/person. And of course, Uber, Bolt and other taxi services.

The first 2 days, located in the South of Bucharest, are one underground station away (Tineretului Station) from the city center – Piata Unirii.

The 3rd day, located in the North, close to the airport, is Baneasa forest. Bus 301, starting from Piata Romana has a stop there.

What to see?

We personally recommend the Palace of Parliament, Old Town, the old orthodox monasteries and churches, Village Museum. Maybe a visit to an Escape Room...Please check the link for more information.
